Tena Koutou, Ki Orana, Bula and Hello,

Moving into Week 4 this week, it has been so inspiring to see the student's curiosity and sheer delight with the Space planetarium and the Mars robot. It is so invaluable to have access to these wonderful people and this will continue to be the aim for learning.

This week we are farewelling our amazing Admin Officer, Millie Kenyon. On behalf of our school community, I wish her all the best for the next part of her journey. Her guidance and support has been invaluable as a new principal and she will be sorely missed. Interviews for the Admin role are to be held this week.

There is a lot being organised at the moment. Shelly Priest and her team are currently well into organising the Possum Purge. We still need some help on Sunday 11th September to help with games and activities. If you can help, even for a couple of hours, please see or ring the Office. Your support will be most appreciated. If you are putting a team together, the entry forms are available in the office.

A very successful Quiz Night was held on 6 August 2022, raising a fantastic total of \$982 for our School. A big thank you to Sam Healey and Hanna Stevens for organising and Julie Harper and Monique Myburgh for question-setting and technical support on the night, as well as a massive thank you to all those who donated and attended.

Covid is starting to show itself within the school community. We have plenty of testing packs available at school, let us know if you need any and we will send some home. **If your child is sick or experiencing cold-like symptoms, please keep them home.**

Teacher Only Day - a reminder that school will be closed on **Monday 29th August** as teaching staff are attending a Professional Development Day.

SPACE PLANETARIUM & MARS ROVER

Another "Science visit" this week, this time the theme was space. Sam and Hari came up from Wairarapa, bringing their inflatable planetarium and mock Mars Rovers. The students were enthralled and even enjoyed learning how their shadows can help them tell the time (only when the sun is out of course). The 'hands-on' learning is going down a treat with all the students. Another visit is due in a few weeks, so watch this space!!!
